Wonderful interview! As bad as the last 2 years have been, it has allowed us to see who has integrity and courage. We may have lost some friends but we have gained a lot of real heroes like Jessica Rose, Mike Yeadon, Geert VB, Sucharit Bhakdi, Stephanie Seneff, Judy Mikovits, Pierre Corey, Charles Hoffe, Byram Bridle, Ryan Cole, Vernon Coleman, Naomi Wolf, Steve Kirsch, Robert Malone, Zeb Zelenski, Andy Wakefield, Sherri Tenpenny, Tess Lawrie, Robert Malone, etc If we can defeat the Satanic forces that are trying to kill or enslave us we can throw a bigger celebration than VE-Day or the fall of the Berlin Wall. O happy day!

Very well! "Three years into this psy-op and there are still ignorant and uneducated folks that are programmed to believe these injections are for a disease and that the poison is 'safe and effective.'"

Leading the horse to water is the easy part. Breaking a cult psychosis HARD!

This is one of the emails I received the other day. I get hundreds daily, and I am hearing you all.

This particular note spoke loudly to me and this lovely person gave me permission to share her words.
